

FONTANA TEACHERS ASSOCIATION OCTOBER 20, 2015

FROM THE TABLE 2015-2016

Fontana Teachers Association and FUSD met on October 14, 2015. The FUSD Negotiations Team presented information and responses to FTA's June 5, 2015 proposal defining of the parameters of the 7.5 hour workday. Items were discussed, progress has been made, but no agreement on framework has been reached. FUSD will complete their counter proposal for the next scheduled meeting with FTA on November 9, 2015.

The District and FTA agreed to amend the ratified Agreement regarding the 7.5 hour workday as follows:

“The negotiations team will determine the defined framework of the 7.5 hour workday and establish parameters of how to implement or make changes to the 7.5 hour day. Once this is established each school may develop a voluntary staff committee to plan for the initial implementation of the 7.5 hour school day within the defined framework and have their plan submitted to FTA and the FUSD Chiefs of Schools for review by ~~December 2015~~ **January 2016**. (Once the 7.5 hour school day plan is finalized it will be submitted to HR for final approval and it will need to be vetted through the appropriate departments such as transportation, student services and nutrition.)”

The Negotiations Team believes this will give the committees needed additional time to complete their proposals.
