

DECEMBER 1, 2016

FONTANA TEACHERS ASSOCIATION

FROM THE TABLE 2016-2017

The Negotiations Team bargained on December 1, 2016.

The cost and benefits of a general restructuring of the entire salary schedule that includes the issues surrounding the Professional Growth Column was discussed. Rather than parts of the same schedule being viewed as different issues, we are considering the option of combining them.

In addition to the conversation about the structure of the salary schedule and Professional Growth, discussion of salary increases for the 2016-17 and 2017-18 years began. A variety of different ideas are being considered. (It's not too late if you have a great idea to share! Pass it along to your Rep or call the office.)

Grade Span Adjustment (class size for grades TK and K-3) was briefly discussed. The District has been made aware of our interest in seeing it continue to decrease.

No language was drafted or tentative agreements reached.

The next Negotiations session is scheduled for January 13, 2017.
