

FROM THE TABLE 2013-2014

Your negotiations team met with their district counterpart last Monday and Wednesday. At both sessions we continued to look for common ground.

We were able to find that common ground on our Memorandum of Understanding (MOU) for our counselors, defining staffing ratios, work year, and evaluations. They will be voting on it this week.

We believe we are close enough on a few of the other issues that we should be able to reach agreement on them before the school year comes to a close. A more complete report will be issued shortly after our meeting with the District this Wednesday.

Thanks for your continued support. It means a lot when we are at the table.

Negotiations Team
